

The Ed Talk Series presents

SUPPORTING CHILDREN WITH ATTENTION- DEFICIT/HYPERACTIVITY DISORDER (ADHD) AT HOME AND IN THE CLASSROOM

A TALK BY DR. YUANYUAN JIANG, ASSISTANT PROFESSOR
IN SCHOOL AND CLINICAL CHILD PSYCHOLOGY

Children with ADHD experience significant difficulties with inattentiveness, hyperactivity, and/or impulsivity that interfere with their functioning. In this Ed Talk, Dr. Jiang will discuss the challenges that these children face at home and at school, describe evidence-based interventions that have been developed to help support these children, and identify important mechanisms of change. Strategies regarding how best to assist parents and teachers as they support children with ADHD will be further explored.

SEPTEMBER 25, 2017
12:00-12:50 PM
ED NORTH 6-138

Free for all to attend

Coffee will be served
