*The health professionals listed are identified as those who can diagnose and treat individuals with ADHD. Please note that this is not a comprehensive list. **We do not endorse or recommend any method, treatment or program provided by these professionals.** We recommend you research any and all treatments, products, and programs before purchasing them. Check with each office directly for confirmation of any information above.

Inquire with your child's doctor first to determine whether this is an area in which he/she specializes and is willing to address.

For assessment and/or counselling services check the Yellow Pages and/or the Online Referral Search on the [Psychologists' Association of Alberta website](#).
